Major drug supply ring crippled

Major drug supply ring crippled

KLANG: Police believe that they have crippled a major drug supply ring with the recovery of ecstasy and eramin 5 pills worth about half a million ringgit from two premises in Jalan Tepi Sungai here.

South Klang OCPD Asst Comm Shamsul Amar Ramli said two jobless men in their 30s were arrested from two neighbouring double-storey houses here at 1.30am on Nov 16.

"A total of 2,900 ecstasy pills and 27,000 eramin pills were seized from the premises.

"The drugs are believed to have been distributed at entertainment outlets in Klang and Kuala Lumpur and the suspects are believed to have been in operation for several months," he told a press conference at his office yesterday.
