### Chinese national sentenced to death

**JOHOR BARU:** A Chinese national was sent to the gallows by the High Court after she was found guilty of trafficking in more than 4kg of methamphetamine into the country via Senai International Airport here three years ago.

High Court judge Justice Collin Sequerah sentenced Luo Dan, 28, to death after finding that the prosecution had proven its case. She remained calm after the sentence was passed but broke down while speaking on the phone when she was allowed to call home.

Her lawyer told reporters later that Luo, who checks water meters for a living back in China, was caught with the drugs hidden in the sole of some shoes she was carrying in her luggage.

She claimed that she was duped by her African boyfriend, who had asked for a favour to collect the luggage from Guangzhou, China, and bring it to Malaysia.
