Cops bust drug lab, three held

Cops bust drug lab, three held

AMPANG: Police stormed a house in Pandan Indah here which is used as a drug processing lab and packaging centre and arrested three men.

District OCPD Asst Comm Hamzah Alias said about 5kg of Ecstasy powder, valued at RM511,660, was also seized during the raid on Monday.

"We also found equipment to repackage the drugs into

drink sachets.

"Our previous raids at entertainment outlets here did not detect this kind of drugs being sold. We believe this is a new method by traffickers," he said at a press conference yesterday.

The suspects, a local man and two foreign women, have been remanded for a week to assist in the case.
