The 53-year-old collapsed at the emergency ward at 9.10pm on Saturday after being admitted three hours earlier, reported Bernama.

The man had earlier stabbed his wife multiple times and injured his son, who tried to intervene, after becoming agitated over their marital problems.

A three-hour standoff with the man ended when police managed to persuade the man to drive his own car to the police station to surrender at 6pm.

His traumatised wife, 45, is still in the Labuan Hospital while the 23-year-old son has been discharged.
