Getting 'high' with a few clicks of the mouse

PETALING JAYA: With just a few clicks of the mouse, anyone can buy "legal" versions of methylenedioxyamphetamine or other psychotropic drugs online and have it delivered on the same day.

"Orders are shipped the same day if payment has been confirmed not later than 1pm," reads the locally-operated website which sells a range of things, including pep pills, sex toys, condoms and penis enhancement drugs.

On its main page, the site promises that the pills sold are "100% legal in Malaysia" and "work just as well as the real thing".

It delivers the products nationwide for a flat rate of RM5 through Poslaju with payments made through cash deposits or bank transfers.
